Question 6 : convert hours into minutes

Write a program in C convert hours into minutes.

Code:

```
1 #include<stdio.h>
2 int main() {
3     int hours,minutes;
4     printf("enter hours: ");
5     scanf("%d", &hours);
6
7     minutes = hours * 60;
8
9     printf("%d hours is %d minutes\n", hours,minutes);
10    return 0;
11 }
```

Figure 1: Program with output

The screenshot shows a code editor with a file named 'main.c'. The code is identical to the one in the previous block. To the right of the code editor is an 'Output' window. It displays the text 'enter hours: 2' followed by '2 hours is 120 minutes'. Below this, it says '=== Code Execution Successful ==='. There are also icons for 'Run' and 'Share' above the code editor, and a 'Clear' button in the output window.
