Question 2 : subtract two numbers

Write a program in C subtract two numbers.

Code:

```
1 #include <stdio.h>
2
3 int main() {
4     int a, b, subtraction;
5     printf ("16,12: ");
6     scanf ("%d %d", &a, &b);
7     subtraction = 16 - 12;
8     printf ("subtraction = %d/n", subtraction);
9     return 0;
10 }
```
