August 2025

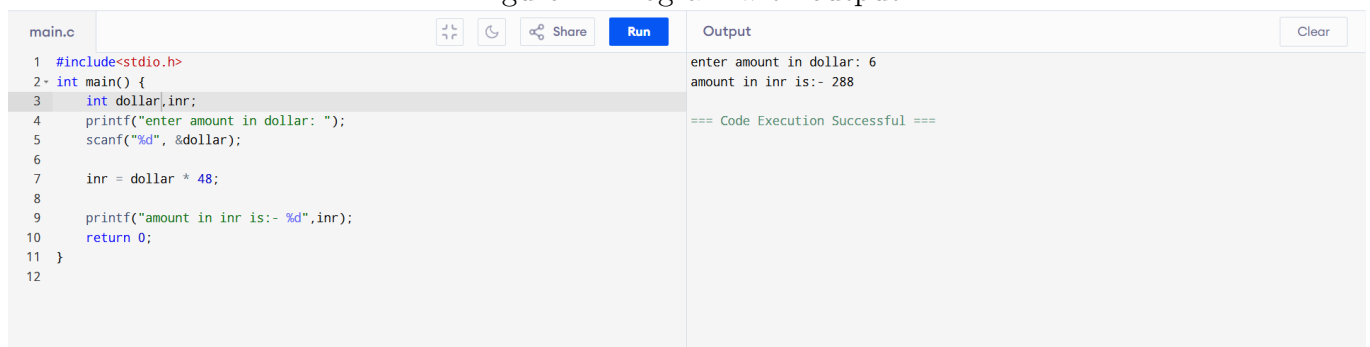

Question 8 : convert dollars into Rs

Write a program in C convert dollars into Rs.

Code:

```
1  #include<stdio.h>
2  int main() {
3      int dollar,inr;
4      printf("enter amount in dollar: ");
5      scanf("%d", &dollar);
6
7      inr = dollar * 48;
8
9      printf("amount in inr is:- %d",inr);
10     return 0;
11 }
```

Figure 1: Program with output

The screenshot shows a code editor with a file named 'main.c'. The code is the same as shown in the previous block. To the right of the code editor is an 'Output' window. The output window shows the program's execution: it prompts 'enter amount in dollar: 6', then displays 'amount in inr is:- 288'. Below the output, it says '=== Code Execution Successful ==='. There are also buttons for 'Run', 'Share', and 'Clear'.

```
main.c
1  #include<stdio.h>
2  int main() {
3      int dollar,inr;
4      printf("enter amount in dollar: ");
5      scanf("%d", &dollar);
6
7      inr = dollar * 48;
8
9      printf("amount in inr is:- %d",inr);
10     return 0;
11 }
12
```

Output

```
enter amount in dollar: 6
amount in inr is:- 288

=== Code Execution Successful ===
```
