Question 4 : divide two numbers

Write a program in C divide two numbers.

Code:

```
1 #include <stdio.h>
2
3 int main() {
4     int a, b, divide;
5     printf ("16,4: ");
6     scanf ("%d %d", &a, &b);
7     divide = 16 / 4;
8     printf ("divide = %d/n", divide);
9     return 0;
10 }
```
